PROFILE

A Mobile App Design & Development student at Algonquin College, equipped with foundational knowledge in app design and programming. Strong problem-solving skills and the ability to collaborate effectively in team environments. Eager to apply academic knowledge in real-world settings through hands-on experience in mobile app development.

TECHNICAL SKILLS

- Languages: Dart, JavaScript, TypeScript, Kotlin, Swift, Html, CSS
- Frameworks: React, React Native, Flutter, Express.js, Next.js, Tailwind CSS
- Libraries: Axios, Redux, Framer-Motion, jQuery, Styled Components
- Tools: Expo, Npm, Yarn, Git, VS Code, IntelliJ IDEA, Android Studio, XCode, Postman
- Database: Firebase Realtime Database, MongoDB
- Version Control: Git, GitHub
- UI/UX: Figma, Adobe Illustrator, Adobe Photoshop

RELATED PROJECTS

Jammify – Spotify Music Player App

React Native | Expo | Redux | Spotify API

- Developed a music player app that integrates with Spotify's API to stream music.
- Implemented Redux for state management, ensuring seamless user experience across different screens.
- Collaborated with team members using Git for version control and project management.

Movie Night

Flutter | Dart | Firebase | TMDB API

- Built a cross-platform to-do list app with user authentication using Firebase.
- Designed responsive UI and integrated cloud storage for persistent task tracking.
- Tested app functionalities and fixed bugs to ensure a smooth user experience.

EDUCATION

College Diploma in Mobile Applications Design & Development

Algonquin College, 1385 Woodroffe Ave, Ottawa

September 2023 – present

Associate's Degree in Computer Studies

Barbados Community College, St. Michael, Barbados

Graduated: June 2014

SUMMARY OF QUALIFICATIONS

- Solid foundation in mobile app development with hands-on experience in building cross-platform apps.
- Strong programming knowledge in JavaScript and other programming languages, with a solid understanding of object-oriented programming principles.
- Proficient in optimizing app performance and ensuring quality assurance through testing and feedback.
- Strong problem-solving and debugging abilities in fast-paced environments.
- Effective team player with experience in using version control tools and collaborating on projects.
- Quick learner, highly adaptable to new tools, frameworks, and programming languages
