## Soft Skills

- Strong communicator with excellent verbal and written skills
- Adaptable team player with a detail-oriented mindset
- Able to thrive under pressure and multitask effectively
- Experience delivering high-quality service in fast-paced environments

## Experience

**Algonquin College - Fullstack Projects**
Collaborated on multiple fullstack applications, applying Agile methodologies from planning to deployment.
Key Highlights:
- Developed responsive web and mobile interfaces with React, React Native, and Next.js
- Built and documented RESTful APIs using Node.js and Express
- Integrated MongoDB and PostgreSQL databases for dynamic data handling
- Applied UI/UX principles using Figma to deliver accessible and user-friendly designs
- Used Postman and Jest for API testing and front-end component validation
- Practiced version control with Git and collaborated using GitHub
- Participated in team-based development sprints and client-driven feature planning

**Canadian Tire - Cashier**
Developed strong problem-solving and interpersonal skills in a high-volume retail environment.
- Handled diverse customer interactions with professionalism and empathy
- Managed transactions efficiently and supported team goals
- Strengthened communication and organizational skills under pressure
- Assist customers in locating products, providing knowledgeable recommendations.
- Deliver exceptional customer service by addressing inquiries, resolving issues, and promoting store loyalty programs.
